This is my neighbourhood – Bankview

Over the last year, residents of Bankview identified ways to help their neighbourhood become an even better place to live, work and play.

Residents outlined what was important to them, focusing on the themes of people, places, programs and possibilities. These discussions led to the development of Bankview's key neighbourhood themes: *safe, play, heritage, walkable*.

The City then worked with residents to identify projects that would support the vision and be possible in their neighbourhood. Residents prioritized the projects and City Administration ensured they could be implemented.

The following is a summary of programs, services and/or small-scale infrastructure improvements that The City of Calgary will implement in partnership with residents of Bankview:

Status of Other Requested Improvement Projects

The following is a list of requested programs, services and/or small-scale improvement projects that we heard from you as part of our This is my neighbourhood engagement process. We explored the possibility of developing each project, but unfortunately, it was not possible for The City to proceed due to a variety of logistical and resource constraints.

Requested Project	Project Details
Crosswalks	A total of nine local crosswalks locations were tested by The City in 2015. The test results showed that the locations did not meet The City's minimum requirements for a crosswalk to be installed.
Power Outlets in Buckmaster Park	After further investigation, it was determined that the addition of power outlets in Buckmaster Park was not feasible due to the associated costs. In addition, it would require lengthy road closures which would limit emergency vehicle access. Currently, 22 Ave. S.W. is required to always be open for emergency vehicle access.
Residential Speed Limits	Residential speed limits in Calgary are 50 km/hr unless otherwise posted. At this time, The City is not proceeding with implementation of blanket speed reductions on residential roadways. This includes pilot projects on a community specific basis.
Temporary Skatepark in Buckmaster Park	<p>After reviewing the request, it was determined that a temporary skatepark in Buckmaster Park was not possible due to lengthy road closures which would limit emergency vehicle access. Currently, 22 Ave. S.W. is required to always be open for emergency vehicle access.</p> <p>There are a number of mobile skateparks that will set-up throughout Calgary this summer. The City also has several skateparks that are open year-round including Shaw Millennium Park.</p>
