This is my neighbourhood – Crossroads

Over the last year, residents of Crossroads identified ways to help their neighbourhood become an even better place to live, work and play.

Residents outlined what was important to them, focusing on the themes of people, places, programs and possibilities. These discussions led to the development of Crossroads' community vision: *A diverse, progressive community. Crossroads provides programs and services that promote fun, growth and development of all our diverse residents.*

The City then worked with residents to identify projects that would support the vision and be possible in their neighbourhood. Residents prioritized the projects and City Administration ensured they could be implemented.

Status of Other Requested Improvement Projects

The following is a list of requested programs, services and/or small-scale improvement projects that we heard from you as part of our This is my neighbourhood engagement process. We explored the possibility of developing each project, but unfortunately, it was not possible for The City to proceed due to a variety of logistical and resource constraints.

| Requested Project | Project Details |
|--|---|
| Crosswalks | A total of 10 local crosswalk locations were tested by The City in 2015. The test results showed that the locations did not meet The City's minimum requirements for a crosswalk to be installed. |
| Pathways and Parks Directional Signage | After assessing this request, it was determined that such signage conflicted and competed with other demands of the open space, based on the Open Space Plan and Policy . We are working with the neighbourhood to identify alternative solutions. |
| Pathway Connector to LRT (Barlow/ Max Bell Station) | <p>The land on which the Barlow/Max Bell bus terminal and park and ride lot is located on is not owned by Calgary Transit. The land is owned by a private company that is currently allowing The City to use this space as a temporary measure until the owner redevelops the property.</p> <p>The land north of the bus terminal and park and ride lot is also owned by the same land owner. These are temporary facilities and we are not able to make any additional improvements to this area such as additional sidewalks.</p> |
