Project overview
Every four years, The City creates service plans and budgets to deliver on what’s important to Calgarians. These documents provide the roadmap for how we deliver services to citizens and the financial plan to support our actions. As we are in the last year of the One Calgary 2019-2022 Service Plans and Budgets, work is underway to create the One Calgary 2023-2026 Service Plans and Budgets.

We are working to deliver on what you value most in our services for your community and across the city. Engagement for Service Plans and Budgets are grouped under the Quality of Life Results for 42 lines of service.

In addition, user fees and appetite for risk are considered when developing Service Plans and Budgets. City Administration recommends prices for each user fee to Council as part of the process and in alignment with the policy. Risk is about dealing with uncertainty, which we all do daily by making decisions. When The City takes a risk by trying a new initiative, there can be positive or negative financial impacts, it can slow down or speed up getting a service to you or impact the accessibility of our services.

Engagement overview
From February 2 to March 7, 2022, City Administration asked you about the 2023-2026 Service Plans and Budgets to understand what you value most in our services. Feedback was collected online through the Engage Portal, City social media channels and through the Talking City initiative. We asked you to rank what you value most within each of the 42 services to help inform our planning and budgeting for the next four years and tell us why you picked the top value. In addition, we asked your thoughts on user fees and how supportive you are of The City trying new initiatives. The total number of people (contributors) who participated by providing feedback through the Engage Portal was 1,052. In addition, there were 7,530 people who visited the site to learn about the servicing planning and budget process (see graphic below).
Promotional channels we used to inform you of the engagement were:

- Social media promotions on Facebook, Twitter, Instagram, YouTube, TikTok and WeChat
- Media partnerships and earned media coverage
- Digital banner advertisements (English, Traditional and Simplified Chinese, Arabic, Spanish and Punjabi)
- Spotify promotions
- Ethnic radio on Red FM (Punjabi/Hindi), Fairchild (Mandarin/Cantonese) and Windspeaker (English/Blackfoot/Stony Nakoda)
- Ethnic Print (Sing Tao, Canadian Chinese Times, South Asian Post, Filipino Journal, CN Dreams, Punjabi Akhbaar)
- Email newsletters
- Civic partner and community newsletters
- Program signage in every ward of the city

In alignment with City Council’s Engage Policy, all engagement efforts, including this project, are defined as: Purposeful dialogue between The City and citizens and stakeholders to gather meaningful information to influence decision making.

As a result, all engagement aligns with the following principles:

- **Citizen-centric:** focusing on hearing the needs and voices of both directly impacted and indirectly impacted citizens
- **Accountable:** upholding the commitments that The City makes to its citizens and stakeholders by demonstrating that the results and outcomes of the engagement processes are consistent with the approved plans for engagement
- **Inclusive:** making best efforts to reach, involve, and hear from those who are impacted directly or indirectly
- **Committed:** allocating sufficient time and resources for effective engagement of citizens and stakeholders
- **Responsive:** acknowledging citizen and stakeholder concerns
- **Transparent:** providing clear and complete information around decision processes, procedures and constraints.

For more information about engagement at The City of Calgary, please visit [engage.calgary.ca](http://engage.calgary.ca).

**What we asked**

You were asked to help City Administration understand your thoughts around what you value most in our City services. The services provided by The City were grouped by Quality of Life Results, which are aspirational statements that describe the long-term well-being of children, adults, families and communities in Calgary. Within each Quality of Life Result was a list of aligned services. For each service, a list of values was presented. You were asked to rank those values in the order that is most important to you. There was also the option to share why you picked the top value. In addition, we asked your thoughts on user fees and
what factors should be considered when determining how and when they are applied. As well, we asked how supportive you are of The City trying new initiatives.

What we heard
Below are frequent general themes you identified across the 42 services. For a more detailed exploration of value rankings and themes identified by service line please see the Summary of Input section.

• Equity and inclusion are important to consider when making decisions about services and service delivery that impact all Calgarians.
• Calgarians have high expectations about fiscal responsibility and receiving value for services provided through a balance of property taxes and user fees.
• Quality of life for Calgarians is highly impacted by service affordability and citizens expect The City to seek out efficiencies and cost reductions without lowering service levels.
• Calgarians understand that increased densification will support increased efficiency for operations and services.
• Collectively as a city, mental health and wellbeing is important and citizens expect services to reflect safety, accessibility and connections to create a sense of belonging for all Calgarians.

For a detailed summary of the input that was provided, please see the Summary of Input section.

All verbatim comments can be found in a separate document on engage.calgary.ca/yourservices.

Next steps
City service teams will review and consider the input. The perspectives The City received from engagement is one factor to help service teams to understand what values Calgarians value most in City services. This allows us to shape our four-year Service Plans and Budgets to better meet those values. Service teams have the opportunity to consider participant perspectives in their proposed 2023-2026 Service Plans and Budgets to reflect the values of engagement participants.

There will be more opportunities to provide feedback to City Administration and Council in the summer and fall. Final decisions on Service Plans and Budgets will be made by City Council in November 2022.

Quality of Life Result – Calgary is an inclusive city.
People in Calgary feel accepted and included and are part of the greater community. They celebrate diversity and accept people from all walks of life. Calgarians acknowledge, respect, and embrace individual rights and freedoms, histories, and culture. Amenities are accessible by people of all ages, race, gender, and abilities. Calgarians are included and trust in political processes and societal decisions that affect their well-being.
Affordable Housing creates and improves access to safe and economical housing for Calgarians. The service also provides over two thousand City-owned non-market homes for low and moderate-income Calgarians. Affordable housing is a critical component of our city and a vital factor in making Calgary's communities affordable, inclusive and accessible for all. Great cities are places where everyone can afford to live and work.

Descriptions of the values you were asked to rank for this service are below:

- **Affordability**: Public, private, non-profit partners and The City build new affordable homes for low and moderate income Calgarians.
- **Safety**: City-owned affordable housing is safe, secure and well maintained.
- **Availability**: The City partners to provide incentives and scales up non-profits to build new affordable homes faster and easier.
- **Prevention**: The City enables and facilitates partnerships to support affordable housing residents to achieve their highest potential.
- **Accessibility**: The City and partners collaborate on housing programs and services that support tenants and are clear and easy to find.

The graphic below indicates the number of participants who ranked the values of Affordable Housing as most important.
The graphic above is one way to show you the result of what is valued most from engagement. The table below is the ranking based off the average rank (1 to 5: one being the highest rank and five being the lowest rank) from all participants. Sharing the results in a different format helps us improve inclusiveness and understanding.

The following are the most frequent themes identified regarding why Affordable Housing and its values matter.

- There is a need for more investment in safe and affordable housing to address homelessness and those with lower incomes in all areas of the city.
- Higher housing utility and maintenance costs are a concern for those who may not be able to afford these costs and associated risks.
- Affordable housing should be a shared financial responsibility with different orders of government and with an investment in public private partnerships.
- Affordable housing has an impact on providing stability and improving all aspects of life for individuals and for all Calgarians.
Social Programs

Social Programs create equal access to programs and services for all Calgarians. We create and manage social recreational programming for children and youth, career planning and employment support for youth, youth justice services and seniors’ home maintenance services. We run the Fair Entry program and fund preventive social services delivered by non-profit partners. Social Programs provide you with the support you need to thrive.

Descriptions of the values you were asked to rank for this service are below:

- **Accessibility**: Reduces barriers for Calgarians to participate in civic life.
- **Prevention**: Provides programs and services that build resiliency and capacity by increasing protective factors and reducing risk factors.
- **Responsiveness**: Provides programs and services to Calgarians in a timely manner in accordance with their needs.
- **Wellbeing**: Designs and delivers programs and services that meet the needs of Calgarians and the community.
- **Connectivity**: Connects Calgarians to the programs and services that increase their opportunities to thrive.

The following are the most frequent themes identified regarding why Social Programs and its values matter.

- More easily understood information and increased promotion will increase awareness and support program access.
- Social programs need to keep up with changing needs and work closely with partners to identify relevant programs and reduce duplication.
- Advocate and ensure funding provided from all orders of government to support those in need.
- Programs aimed at prevention, especially youth, can have a big impact on City reputation across many services.

In addition, it was not clear what the difference is between these three service lines:

- Social Programs
- Community Strategies
- Neighbourhood Support
Community Strategies

Community Strategies creates plans and policies that build greater social wellbeing. We respond to unmet and emerging social needs identified by Council and Calgarians.

Together with our partners, we address social issues so Calgarians of all ages, cultures and stages of life can thrive. To do this, we consider Calgary’s diverse population, engage with many stakeholders to determine community need, plan and implement strategic activities, and evaluate to ensure we are achieving our goals.

Descriptions of the values you were asked to rank for this service are below:

- Reconciliation: Develop and implement strategies and policies to advance truth and reconciliation outcomes.
- Accessibility: Create plans, strategies and policies to remove barriers to participation in civic life.
- Wellbeing: Develop plans, strategies and policies to address the needs of Calgarians.
- Prevention: Act to prevent social issues and strengthen social wellbeing.
- Responsiveness: Respond to social issues to advance social wellbeing and quality of life results for Calgarians.

The graphic below indicates the number of participants who ranked the values of Community Strategies as most important.

<tr>
<td>5.</td>
<td>Reconciliation</td>
<td>3.43</td>
</tr>
</tbody>
</table>

The following are the most frequent themes identified regarding why Community Strategies and its values matter.

- Ensure there is an equity lens so that all Calgarians are served by the strategies.
- Quality of life is higher for all Calgarians when changing needs are addressed through listening and acting on input from residents.
- A focus on prevention strategies delivered through programs and services will positively impact all Calgarians.

In addition, it was not clear what the difference is between these three service lines:

- Social Programs
- Community Strategies
- Neighbourhood Support
Neighbourhood Support

We build the capacity of Calgarians in neighbourhoods by working with residents and other community stakeholders to foster social inclusion, economic participation and an increased sense of belonging. We also support community groups operating on City-owned land, including contributing funding for capital maintenance of community facilities and amenities to ensure that all residents have a variety of public spaces to create and develop social connections with their neighbours. In supporting residents and stakeholders in navigating and aligning City resources, we work to address community needs. We apply an equity lens to guide our work so that no resident or neighbourhood is left behind.

Descriptions of the values you were asked to rank for this service are below:

- **Wellbeing**: Support initiatives that strengthen the capacity of individuals and community groups to withstand stresses and shocks.
- **Sustainability**: Bring resources to community associations and social recreation groups that improve the sustainability of their contribution to their neighbourhoods.
- **Equity**: Distribute programs and services to priority neighbourhoods to better support vulnerable populations.
- **Accessibility**: Remove barriers to participation for residents and assist community groups in being more accessible.
- **Connectivity**: Work with residents and community stakeholders to address social issues and connect them to City resources.

The graphic below indicates the number of participants who ranked the values of Neighbourhood Support as most important.

</tr>
</tbody>
</table>

The following are the most frequent themes identified regarding why Neighbourhood Support and its values matter.

- Desire for more investment for people who are not able to afford programs to promote inclusivity and accessibility.
- Resources need to address changing needs in the community.
- Investment requires an equity lens because some areas of The City require more resources.

In addition, it was not clear what the difference is between these three service lines:

- Social Programs
- Community Strategies
- Neighbourhood Support
Municipal Elections

Municipal Elections provides a fair, transparent, and democratic process for selecting elected officials and/or voting on an issue. Elections carried out by The City are trusted by the public to elect a candidate to office and allow all eligible electors to cast a ballot.

Descriptions of the values you were asked to rank for this service are below:

- Legislative Compliance: The election was carried out in a manner that followed all legislation and regulation.
- Responsiveness: The results of each election are available promptly.
- Informs: The electoral process is open to observers and scrutineers.
- Quality: The votes are counted accurately, and the voter experience is satisfactory.
- Accessibility: Locations and methods of casting a ballot are physically accessible.

The graphic below indicates the number of participants who ranked the values of Municipal Elections as most important.

The following are the most frequent themes identified regarding why Municipal Elections and its values matter.

- To ensure there is fairness and trust in the process through transparency and accuracy.
- More voting options are appreciated and explore technology for online voting to increase accessibility and convenience.
Citizen Information and Services

Citizen Information & Services provides two-way information and services for Calgary citizens, business and visitors through The City’s primary communications channels: 311 and calgary.ca.

This service receives your feedback that helps The City prioritize, develop and modify services to better meet your needs. We provide easy-to-access information and services in a collective voice to build trust in your municipal government.

Descriptions of the values you were asked to rank for this service are below:

- Responsiveness: Timely responses to requests for information and/or issues that have been reported.
- Equity: Tailored information and service options based on specific needs.
- Convenience: Easy access to City information and services in channels of choice/variety of channels.
- Informs: Reliable and trustworthy information about The City.

- Calgarians appreciate information that is easily accessible and convenient.
- Online information is not easily navigated or convenient.
- 3-1-1 is a valuable system for obtaining information.
Specialized Transit

Specialized transit provides specialized buses, vans and taxis for disabled Calgarians to get them where they need to be—safely, reliably and affordably. Disabled Calgarians often have fewer transportation options; we are a vital connection to the people, services and amenities Calgary has to offer.

Descriptions of the values you were asked to rank for this service are below:

- **Accessibility**: Provide convenient, accessible transit service that is easy to use for customers. Provide clean travel environment to our customers and employees.
- **Informs**: Provide clear and consistent communication to customers using various channels.
- **Responsiveness**: Greet the customers with a smile, pleasant tone of voice and right attitude to help them.
- **Reliability**: Provide a predictable and consistent transit service that customers can rely on.
- **Safety**: Provide a safe environment for our customers and employees.

- Funding. More funding is needed for emergency services with specific mentions of the Calgary Police Service and the Calgary Fire Department.
- Staffing. More staffing and equipment are needed for emergency services staff to do their jobs properly.
- Education and Awareness. Prevention is seen to be a key factor and positively affects the rest of the four values.
Bylaw Education and Compliance

Bylaw Education and Compliance creates and maintains community standards in Calgary to promote healthy and safe communities and help you live in harmony with your neighbours. We enforce municipal bylaws, provincial statutes and provide bylaw education that encourages compliance.

Peace officers actively enforce bylaws and seek to create resolutions between citizens, creating safe communities. We strive for timely resolutions when you encounter issues or concerns with neighbours, communities and weather events.

Descriptions of the values you were asked to rank for this service are below:

- **Responsiveness**: Citizen complaints and bylaw issues are responded to and resolved in a timely manner.
- **Safety**: Citizens feel safe and protected in their communities.
- **Fairness**: Bylaw enforcement service is transparent, fair and consistent, and delivered by competent community peace officers.

The graphic below indicates the number of participants who ranked the values of Bylaw Education and Compliance as most important.
The graphic above is one way to show you the result of what is valued most from engagement. The table below is the ranking based off the average rank (1 to 3: one being the highest rank and three being the lowest rank) from all participants. The following are the most frequent themes identified regarding why Bylaw Education and Compliance and its values matter.

- More enforcement is needed. There is a perception that existing bylaws are not being enforced. There are not enough resources to allow for it or they choose to do nothing.
- Responsiveness. Stakeholders’ concerns include timeliness, and not being able to deal with certain situations (e.g., homeless camps).
- Stakeholders would like to see officers and bylaws enforced in a transparent and equitable process.
City Planning and Policy

City Planning and Policy plans for the needs of current and future Calgarians. We provide a foundation for land development, community growth, mobility and business activity in Calgary.

Our plans and policies translate Council and citizen's priorities into tools for the development industry to plan and build communities providing homes and jobs to Calgarians. We collaborate with communities and industry to consider the interests of the various groups and create balanced outcomes.

City Planning & Policy also directly supports the preservation of irreplaceable heritage buildings, improved urban design and sustainability in Calgary.

Descriptions of the values you were asked to rank for this service are below:

- **Reliability**: Citizens and investors want to know that requirements in plans will be upheld and not abandoned arbitrarily.
- **Convenience**: Applicants want plans and rules to be easy to find and understand.
- **Fairness**: All stakeholders want to be fairly represented in plans through participation in engagement events and policy creation.
- **Reduces effort**: Communities want meaningful engagement, developers want simple processes, Council wants effortless experiences for all.
- **Reduces risk**: Council wants plans and policies that reduce Calgary’s financial risk and the risk of impeding our economic growth.

The following are the most frequent themes identified regarding why City Planning and Policy and its values matter.

- Stakeholders would like to see more community representation and meaningful engagement.
- More transparency is important in any decision-making and process it involves.
- Specific concerns include but are not limited to the event centre and new development.
City Cemeteries

City Cemeteries provides interment (i.e. burials and cremations), maintenance of final resting locations and memorialization products. We also provide almost 100 hectares of historically and culturally significant public space.

The City has one active operating cemetery (Queen’s Park), a new cemetery under development (south Calgary) and four historic cemeteries (Union, Burnsland, Chinese and St. Mary’s). We have an obligation in perpetuity to Calgarians to maintain cemetery sites.

Descriptions of the values you were asked to rank for this service are below:

- Quality: City cemeteries provide a dignified service for the respectful interment and memorialisation of loved ones.
- Availability: Access to a range of affordable cemetery space alternatives is a public expectation and public health need.
- Sustainability: Cemetery operations are well-managed for long-term feasibility.
- Legislative Compliance: The City of Calgary provides cemetery services in compliance with the provincial Cemeteries Act.

The graphic below indicates the number of participants who ranked the values of City Cemeteries as most important.

Quality of Life Result – Calgary has a sustainable natural environment.
People in Calgary value the natural environment and its role in human and societal health. Calgary has healthy ecosystems and is resilient to a changing climate. Calgarians are responsible stewards of air, land, and water and are engaged in the preservation of the environment for future generations.
Environmental Management

Environmental Management provides City-wide leadership and support to manage environmental issues, risks, opportunities and trends associated with the delivery of public services.

We use science-based analysis and cost-effective solutions to manage energy and climate change risks including: severe weather impacts on infrastructure, people and nature; greenhouse gas reductions; and energy management. We also provide expertise in identifying, assessing and managing contaminated City lands to ensure the safety of citizens and workers.

Descriptions of the values you were asked to rank for this service are below:

- **Environmental**: We help to conserve, protect and enhance the environment.
- **Legislative Compliance**: We help The City comply with municipal, provincial and federal environmental legislation.
- **Reduces risk**: We work to reduce risks related to impacts on the environment, The City, citizens and ICI sector.
- **Resilient**: We help The City and citizens to adapt and grow no matter what environmental chronic stresses and acute shocks occur.
- **Quality**: We deliver consistent, high quality environmental management solutions in alignment with customer needs.

The following are the most frequent themes identified regarding why Environment Management and its values matter.

- People want a clean city and a healthy environment. They state that this is important for both mental and physical health. It also makes us more attractive to tourism and business development.
- Stakeholders want better management of The City's owned land and parks. This includes, but is not limited to: communities adopting parks, less mowing, and a focus on a sustainable water supply.
- While more people believe there is a climate change emergency and want actionable items, there are those who do not and would like more focus on the oil and gas sector.
Parks and Open Spaces

Parks plans, builds, maintains and stewards an accessible parks system. We conserve and promote biodiverse ecosystems and cultural landscapes to give Calgarians nature in our city with safe, inclusive, social and active opportunities.

We have regional and neighbourhood parks and river valleys with playgrounds, picnic sites, spray parks, outdoor skating, toboggan hills, off-leash areas and year-round activities.

We support park volunteers and deliver environmental education programs. Parks also has neighbourhood sport opportunities that include soccer, baseball, cricket, tennis, basketball and skateboarding.

Descriptions of the values you were asked to rank for this service are below:

- **Wellbeing**: Year-round opportunities for social interaction, community vitality, nature appreciation and leisure activities.
- **Availability**: Neighbourhood parks are readily accessible to all communities.
- **Safety**: Parks and open spaces are safe.
- **Sustainability**: Our natural environment is conserved through stewardship, planning and management contributing to urban resilience.
- **Environmental**: We recognize that healthy ecosystems are essential to our personal, community, and economic well-being.

The following are the most frequent themes identified regarding why Parks and Open Spaces and its values matter.

- Stakeholders want more access to parks and green spaces. They want more neighbourhood parks and less selling of existing green spaces (e.g., ball diamonds).
- A healthy city results in healthy lives. Stakeholders state that our green spaces improve our communities, our families, and mental and physiological health.
- Maintenance of green spaces is also seen to be essential to our communities. This includes but is not limited to: the mowing of grass, the proliferation of weeds and invasive plants, and dying trees and bushes.
Stormwater Management

Stormwater management helps protect property from flooding and ensures healthy watersheds. We collect and manage water from rain or snow & ice melt and move it to the nearest river or creek through storm drains, pipes and ponds.

We prepare Calgarians for flooding and work with the community and other orders of government. Stormwater Management monitors the river to determine water quality and quantity, assess river bank health and works with land use and development to avoid issues that impact our water quality and flood risk.

Descriptions of the values you were asked to rank for this service are below:

- Reduces risk: The City works to reduce flooding from rain and snow melt that impacts homes, businesses and the community.
- Resilient: Calgary is prepared for flooding and recovers quickly.
- Environmental: The City works to keep our rivers and surrounding natural areas healthy by reducing the impact of urban activities and development.
- Affordability: The City provides quality stormwater management services that are cost-efficient.

The following are the most frequent themes identified regarding why Stormwater Management and its values matter.

- Stakeholders are concerned about flooding, with specific mentions of flood plains, non-permeable surfaces, and local flooding in roadways.
- They want planning and development to incorporate preventive measures and to be cognizant of building on flood plains.
- Stakeholders want to see a higher investment in environmental management, including but not limited to: more green infrastructure, reallocation of stormwater to parkland, and the re-naturalization of historic waterways.
Urban Forestry

Urban Forestry manages Calgary’s public trees in our parks and on our streets. Trees provide numerous benefits to our city, including improving air quality, reducing stormwater runoff, providing shade and cooling, wildlife habitats, increasing property values and creating stress-reducing environments for citizens. We plant, prune, maintain, and protect thousands of public trees and promote tree stewardship to citizens.

Descriptions of the values you were asked to rank for this service are below:

- **Environmental**: The urban forest contributes to Calgary’s biodiversity and long-term environmental well-being.
- **Wellness**: Trees provide stress-reducing natural spaces, which have been shown to improve health and wellness.
- **Attractiveness**: Well-treed communities demonstrate increased property values and aesthetics.
- **Connectivity**: Trees enhance walkability through shade and by providing a multi-sensory user experience.

The graphic below indicates the number of participants who ranked the values of Urban Forestry as most important.
The graphic above is one way to show you the result of what is valued most from engagement. The table below is the ranking based off the average rank (1 to 4: one being the highest rank and four being the lowest rank) from all participants. The following are the most frequent themes identified regarding why Urban Forestry and its values matter.

- Planting more trees, biodiversity and urban canopies were all stated as being an essential part of our community. There were mentions of mental health and healing as well.
- Impacts on the environment due to climate change. Stakeholders want impacts to be minimized on the environment and take mitigating steps to reverse existing damage and prevent further harm.
- Stakeholders want better maintenance and long-term strategies.
Waste and Recycling

Waste and Recycling collects waste, manages landfills and operates waste diversion programs and facilities for waste generators and haulers in our city and the region. We enable you to reduce and remove waste safely from your homes, businesses and communities to protect public health and the environment.

We work collaboratively with you to lead Calgary toward zero waste while achieving the Council approved target of 70 per cent diversion across all sectors by 2025. We also provide waste management at city festivals and events.

Descriptions of the values you were asked to rank for this service are below:

- Environmental: Calgarians act on waste reduction and diversion. We meet all regulations to protect health, safety and the environment.
- Affordability: Rates and user fees are transparent and fair.
- Accessibility: I can find the information I need to properly dispose of garbage, recyclables, food, yard and household hazardous waste.
- Reliability: Schedules for services and access to facilities is reliable and my questions are answered in a timely manner.
- Safety: All waste & recycling activities are performed safely. Everyone is safe at City work sites and facilities.

The following are the most frequent themes identified regarding why Waste and Recycling Services and its values matter.

- Review the process. Mentions include but are limited to: green cart collection in the winter, having people sort their own recyclables, and the privatization of service.

- Cut costs. Feedback indicates that many think the costs of the program are too high and should be re-evaluated. Services could be contracted out or assessed on an individual basis rather than the collective.

- Compost and recycling. Stakeholders would like to see more recycling services such as a plastic incinerator. They want to be able to recycle Styrofoam and compostable plastics.
Wastewater Collection and Treatment

Wastewater Collection and Treatment collects water from toilets, sinks and drains, treats it, and returns it to the river. We protect public health and our rivers by ensuring the necessary investments are made in treatment plants, pipes and people to keep pace with the needs of a growing population.

Descriptions of the values you were asked to rank for this service are below:

- **Reliability**: The City works to reduce sanitary sewer backups in homes, businesses and the community.
- **Environmental**: The City manages wastewater from toilets, sinks and drains in a way that protects the environment and public health.
- **Responsiveness**: The City responds quickly to a sanitary sewer backup in homes, businesses and the community.
- **Quality**: The City protects public health for Calgarians and other river users through wastewater treatment.
- **Affordability**: The City provides quality wastewater services that are cost-efficient.

The following are the most frequent themes identified regarding why Wastewater Collection and Treatment and its values matter.

- Stakeholders want more transparency on the fees, with specific comments about administrative fees. There are also mentions of contracting services and reduction of transmission costs.
- Promote conservation, reuse and recycling to protect the environment and our health.
User Fees

**Question 1.**

If you paid more in fees for services like water, transit or recreation, but Calgarians pay less through property tax, how would that impact your quality of life?

**Question 2.** If you paid more in fees for services like water, transit or recreation, but Calgarians pay less through property tax, how would that impact your quality of life?
